

Notice is hereby given for the use of pesticides and herbicides at the school building and grounds. Arrangements are made to spray for wasps after the close of school and day care/latchkey programs.

The playground will be sprayed in the summer for weeds and wasps. Watch for notices to be posted. Individuals need to avoid the school building and grounds.

As part of the school's Pest Management Program, pesticides are occasionally applied. You have the right to be informed prior to any pesticide application made to the school grounds and buildings. In certain emergencies, pesticides may be applied without prior notice, but you will be provided notice following any such application.

**Prior notifications and all questions or concerns** should be directed to the school or parish offices at (231) 263-5288 or (231) 263-5640.
